

Mental Map of Pennsylvania

Before looking at the Giant Map of PA, draw on the blank outline PA map any information you may know about Pennsylvania (cities, rivers, mountains). See if you can find where your town is located.

When finished, find a partner and compare your map with your partner's map and with the Giant Map. Then work together to answer the following questions:

1. What information or features were included on both your map and the Giant Map?

2. What information or features were on your map, but not on the Giant Map?

3. What information or features were on the Giant Map, but not on your map?

4. Why do you think your map looked different from the Giant Map?

5. What is something new that you learned by looking at the Giant Map?
